Dear Student:

*Colleges/universities and scholarship committees prefer that teachers speak only to those areas of a student's life with which they've had direct contact. Your thoughtful responses to the following questions will assist in writing a stronger recommendation. Please allow three-four weeks to complete the letter after you have provided the information below. (Please type your responses on a separate sheet of paper). **PLEASE REMEMBER TO PROVIDE A STAMPED ENVELOPE(S) ADDRESSED TO THE APPROPRIATE COLLEGE(S)/SCHOLARSHIP(S) COMMITTEE(S).***

1. List classes you have had with me. Which was your favorite? Explain why.
2. Describe the most important concept you learned in that class.
3. What project or activity did you especially enjoy? Describe it.
4. Was there any event or interaction in my class that stands out in your mind? Tell me a short (one paragraph) story about it.
5. If you were talking to underclassmen, how would you describe my class?
6. Please attach a sample of your best work from my class if you have it.
7. What are your strengths as a student?
8. What would you like to improve upon? (Where are you still growing?)
9. Is there something you would like me to emphasize to this college/university or scholarship committee?
10. Why have you selected this college? Provide an answer for each college if you have more than one.
