

MLA Works Cited Overview

Basic Rules

Begin your Works Cited page on a separate page at the end of your research paper. It should have the same one-inch margins and last name, page number header as the rest of your paper.

Label the page Works Cited (do not italicize the words Works Cited or put them in quotation marks) and center the words Works Cited at the top of the page.

Double space all citations, but do not skip spaces between entries.

Indent the second and subsequent lines of citations five spaces so that you create a hanging indent.

List page numbers of sources efficiently, when needed. If you refer to a journal article that appeared on pages 225 through 250, list the page numbers on your Works Cited page as 225-50.

Additional Basic Rules New to MLA 2009

For every entry, you must determine the Medium of Publication. Most entries will likely be listed as Print or Web sources, but other possibilities may include Film, CD-ROM, or DVD.

Writers are no longer required to provide URLs for Web entries. However, if your instructor or publisher insists on them, include them in angle brackets after the entry and end with a period. For long URLs, break lines only at slashes.

If you're citing an article or a publication that was originally issued in print form but that you retrieved from an online database, you should type the online database name in italics. You do not need to provide subscription information in addition to the database name.

Capitalization and Punctuation

Capitalize each word in the titles of articles, books, etc, but do not capitalize articles (the, an), prepositions, or conjunctions unless one is the first word of the title or subtitle: *Gone with the Wind, The Art of War, There Is Nothing Left to Lose.*

New to MLA 2009: Use italics (instead of underlining) for titles of larger works (books, magazines) and quotation marks for titles of shorter works (poems, articles)

Listing Author Names

Entries are listed alphabetically by the author's last name (or, for entire edited collections, editor names). Author names are written last name first; middle names or middle initials follow the first name:

Burke, Kenneth

Levy, David M.

Wallace, David Foster

Do not list titles (Dr., Sir, Saint, etc.) or degrees (PhD, MA, DDS, etc.) with names. A book listing an author named "John Bigbrain, PhD" appears simply as "Bigbrain, John"; do, however, include suffixes like "Jr." or "II." Putting it all together, a work by Dr. Martin Luther King, Jr. would be cited as "King, Martin Luther, Jr.," with the suffix following the first or middle name and a comma.

More than One Work by an Author

If you have cited more than one work by a particular author, order the entries alphabetically by title, and use three hyphens in place of the author's name for every entry after the first:

Nordhaus, William D. "After Kyoto: Alternative Mechanisms to Control Global Warming." *American Economic Review* 96.2 (2006): 31-34. Print.

---. "Global Warming Economics." *Science* 9 Nov. 2001: 1283-84. Science Online. Web. 10 April 2011.

When an author or collection editor appears both as the sole author of a text and as the first author of a group, list solo-author entries first:

Heller, Steven, ed. *The Education of an E-Designer*. Heller, Steven and Karen Pomeroy. *Design Literacy:*

Understanding Graphic Design.

Work with No Known Author

Alphabetize works with no known author by their title; use a shortened version of the title in the parenthetical citations in your paper. In this case, Boring Postcards USA has no known author:

Baudrillard, Jean. *Simulacra and Simulations*. [...]

Boring Postcards USA. [...]

Burke, Kenneth. *A Rhetoric of Motives*. [...]
