

## **Plagiarism/Academic Honesty**

Plagiarism consists of using another author's words without proper identification and documentation. Plagiarism may take the form of direct quotation without the use of quotation marks and citation or paraphrasing without citation. The fabrication of sources, and/or the act, deliberately or unconsciously, of passing off another's work as your own is considered to be plagiarism.

**Plagiarism or any form of cheating will result in the student's receiving no credit for the assignment, with no possibility of making up the credit.**
