General Grading

Grades are based upon the demonstration of proficiency on units associated within specific grade reporting criteria.

Assessment: Assessments are a means to determine a student's mastery and understanding of information, skills, concepts, or processes. Formative assessments will be weighted .5 and summative assessments will be weighted 1. Assessments will be graded based on teacher/district/state rubrics.

Practice: Practice includes opportunities for students to receive clear, specific, and timely feedback as they are developing knowledge and skills, prior to Assessments. Practice may be scored as satisfactory (S), Incomplete (I), unsatisfactory (U) or Missing (M).

Procedural Fluency: Is a measurement of the basic skills necessary for success in this class.

Mathematical Communication: Is a measurement of a student's ability to communicate mathematical reasoning.

Class Expectations

Missing or incomplete assignments/assessments for this course: Superintendent Policies 6280 Homework and 6281 Make-Up Work will be followed for this course. They state that it is the student's responsibility to request and obtain missing work.
